Committee on Appropriations  
United States Senate  
Washington, D.C. 20510

Dear Chair Pingree, Chairman Merkley and Ranking Members Joyce and Murkowski:

Enclosed is the U.S. Environmental Protection Agency's Status of Balances of Appropriations Report, as directed by the *Consolidated Appropriations Act, 2021* (Public Law 116-260). The report covers the second quarter of FY 2021 and contains information on FY 2020 and prior appropriations balances, including all uncommitted, committed, and unobligated funds for each program and project.

Please note that funding balances are influenced by the time needed for project planning as well as completion, which can vary depending on the type of work involved. For example, long planning periods will typically be required for grants involving construction or infrastructure work. Both the EPA and the states are committed to improving the timely obligation, award and expenditure of grant funds and have implemented a policy that facilitates timely obligation/award of grant funds, addresses the accumulation of unexpended appropriations in awarded grants, and helps accelerate grant outlays.

If you have further questions or would like to schedule a meeting to discuss the report, please contact Ed Walsh at [walsh.ed@epa.gov](mailto:walsh.ed@epa.gov) or (202) 564-4594.

Sincerely,

DAVID  
BLOOM
